"After the 2005-06 school year we were all ready to quit. But since we implemented Truthought we have renewed passion and fresh vision for teaching again. The classroom is more manageable and students more compliant. Truthought really works. "

Quote from a student speaking to other students in the hallway during the first week of the school year:
"Hey everybody, I don't know what's happened. I think the teachers all went to boot camp or something."
